Make notes about where you've published your research online with this Online Family Tree Tracker.

▲ The tulip tree blooming in the Mayflower Society House gardens.

EDITOR'S NOTE

Happy New Year and welcome to the 2024 spring issue of *The Mayflower Quarterly Magazine*.

As I write this note, spring has sprung in Plymouth. The days are growing longer, the weather is getting warmer, and the flowers have begun to bloom. The spring season brings to mind ideas of renewal and new beginnings. The spring issue you now hold is filled with much the same.

In these pages, you will find articles outlining some of the General Society of Mayflower Descendants' ("GSMD") popular perennial events: the Hereditary Fortnight Breakfast in Washington, DC, The Mayflower Society's tours "On the Path of the Pilgrims" and "The Mayflower Heritage Tour," and of course the 2024 General Board of Assistants Meeting in Asheville, North Carolina.

Readers will also be able to learn about several exciting new projects. The Mayflower Society Research Center has begun offering research services, the Passenger Inheritance Program is now live, progress on the Easy App Generator continues to quicken, and The Mayflower Society has unveiled its new Consumer Logo and its increased use of the popular GSMD Seal.

I am also happy to announce that photos from last year's General Congress are finally available for members on www.TheMayflowerSociety.org in the Members Area. The plan is not only to upload photos from future GSMD events to this page, but also to upload photos that Member Societies can use for their own websites, brochures, etc.

Here's to a happy and successful 2024!
